## **REJECTIONS UNDER 35 U.S.C. § 112**

Claims 1-41 are rejected under 35 U.S.C. §112, first paragraph, as failing to comply with the written description requirement, and that the claims contain subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor, at the time the application was filed, had possession of the claims invention. Applicant respectfully traverses these rejections. Applicant respectfully asserts that the specification does disclose the claim limitations in independent Claims 1 and 14. However, in the interest of moving prosecution forward, Applicant has amended Claims 1 and 14 to further clarify Applicant's invention. The rejections to Claims 1-41 have been addressed by the amendments to the claims. As such, Applicant respectfully requests that Claims 1-41 be allowed.
